

## Wellies in the Water

In preparation for this momentous moment, our teams of bold Fishkeepers have been composing songs, making model rivers (to show their charges what to expect) and preparing farewell speeches of useful advice...

**Wellies in the water are warnings of danger  
So don't be tempted by the juicy maggots  
Or the flies on silver hooks.  
Watch out for the fishermen!**

**Don't swim up to the light  
Even when the shadows hold pike,  
They won't swallow you bit by bit,  
They will swallow you in a flick!**

**Stay in the weeds where you'll be safe,  
Disappear in the gravel,  
Do not worry,  
I'll be there,  
I'll protect you.  
In my green hair  
They won't find you  
Don't be scared  
I will kill them,  
In the air...**

**Many thanks to the artists, storytellers and musicians of Ightenhill Primary School**
